The Town’s Utility Assistance Program is intended to provide assistance to low to moderate income households in the Town of Lovettsville as a credit to the individual water and sewer account:

- 1.) Eligibility for moderate- to low-income households based on 70% of the Department of Housing and Urban Development (HUD) May 2023 Washington Metropolitan Statistical Area (MSA) Median Area Income (AMI) levels.

Applicants will be required to submit a completed application that includes a statement of need for financial assistance, and a copy of their proof of their 2022 annual household income of the filed 1040 form with the federal government.

- 2.) The Washington Metropolitan Statistical Area- AMI is tiered according to the number of people in the household. Size of household is based on occupants residing in the home which includes spouse, dependents, roommates (with residency proof) and others (with proof of residency).
